They have been submitted separately. 25 BC candidates from the several waiting lists have already been suggested for transfer to Comptroller's unit. There are very few BC candidates in each of the waiting lists now. It is very difficult to transfer the few candidates now waiting in the several lists to the above units.

(3) In October 1941, thinking that the proposed new rules would ~~Public Service Commission~~ will come into force, a very limited number of BC candidates, were assigned to each of the unit offices. Therefore BC candidates in the waiting list who had sent their SSLC marks cards, were

alone selected at first. Cases of the more deserving & highly qualified candidates were not then taken into consideration on the ground that they did not send their marks cards.

(4) To meet the present & future demands from several unit officers, it is suggested that only highly qualified candidates from the unselected applications, may be taken into consideration, after obtaining approval of govt.

Sd/- 26.5.42 (5) Sd/- In the file relating to assignment of certain candidates to the unit of the Amphibian the Public Service Commissioner has been pleased to order that applications may be called for by an advertisement. For issue of the Suppl. lists to the unit officers the following courses are suggested and those of them for consideration

(6) (1) Applications may be called for from all qualified P.S.C. candidates and selection may be confined to the best qualified or best available candidates having due regard to the principle of providing for the adequate representation of all communities in the Service.

(a) The cases of all the applicants being considered by preparing the lists according to communities

This P.S.C. is opposed to this as it is not according to Rules.

This HQ. may kindly work this up (with reference to the question of also officials of the Census Dept. also)
